

It's not uncommon for music to be the first thing that comes to mind when we think about worship; but there is so much more to it than that. Worship is more than lifting your hands during a church service or singing along to your favorite christian artist on the radio.

At its simplest definition, worship is positioning ourselves to honor God because of who He is and all He's done for us.

We show our love and adoration to God because He showed his great love to us through Jesus. We bow before Him and position ourselves in humility because of God's great power and holiness. We give generously because God generously gave to us!

As you read through the verses this month, don't just consider *how* we are to worship, but *why*. When we begin to understand the depth of God's goodness to us, worship becomes a daily way of life.
