

When you hear the word *servant*, does it ring in your ears with a negative tone? Do you think of someone beneath you? What is the expectation of yourself when you think about this word? Maybe you get excited about the opportunity to touch the life of someone in a way that may impact them forever; a way that may point them to Jesus! Servants get to be a vessel for Christ by doing something as simple as using their hands and feet. Jesus demonstrated over and over what a true servant was.

Does this mean we have to be perfect like Jesus in order to serve? No! It means we need to position our hearts to be soft and ready to hear God's voice and the prompting of the Holy Spirit even when we are not--especially when we are not! *His power is made perfect in our weakness.*

Jesus got on the dirt floor and washed his disciples filthy feet; all of them, even the one that would betray him. What does that say to us about how we serve and who we serve?

Let's consider three things this month... Are we willing to let God do the unexpected through us? How soft is our heart for others in this season? Who can we serve?
